Funding of major repairs

The contingency fund is built up from deferred fees that are paid when properties are resold and the amount payable is determined by the terms of the lease. The fund is built up to cover major works, such as roof replacement, lift replacement, doors/windows etc. and MHA maintain detailed stock condition information on a scheme-by-scheme basis to ensure that sufficient funds are available when work is required.

Each year, MHA publish the balance of the contingency fund within the scheme's service charge accounts, and this will advise leaseholders and potential customers on the balance and what work has been completed in the financial year that the accounts cover.

There is no financial liability on leaseholders to cover shortfalls in the contingency fund (as per the terms of the lease) and MHA would undertake required works if there were insufficient funds, collecting any shortfall as properties sell.

In order to protect contingency fund monies for leaseholders these are held in individual scheme bank accounts, and this information is provided within the annual service charge accounts.

Contingency fund monies can only be used for the purpose for which it has been collected and the fund belongs to and is controlled by MHA. Contingency funds can go into deficit with MHA covering the cost of works as the freeholder. Leaseholders would not be required to "top up" the fund to cover works even if there was an insufficient balance.

Constraints on selling

Purchasers must satisfy the scheme's criteria (Minimum age is 60 and support needs). The Staff will assess this prior to purchase.

The leasehold properties at Janeva Court are **Non-Guaranteed Buy Backs**, therefore, MHA has an option to buy-back if they wish.

If MHA chooses to exercise this option, they will buy back the property at 95% of the open market value as determined by an independent valuer.
