Funding of major repairs

The sinking fund is built up from contributions paid via the monthly service charge. The fund is built up to cover major works, such as roof replacement, lift replacement, doors/windows etc. and MHA maintain detailed stock condition information on a scheme-by-scheme basis to ensure that sufficient funds are available when work is required.

Each year, MHA publish the balance of the sinking fund within the scheme's service charge accounts, and this will advise leaseholders and potential customers on the balance and what work has been completed in the financial year that the accounts cover.

In order to protect sinking fund monies for leaseholders these are held in individual scheme bank accounts, and this information is provided within the annual service charge accounts.

Sinking fund monies can only be used for the purpose for which it has been collected and the fund belongs to leaseholders of the scheme. Contributions paid via the service charge will vary from year to year and will be based on the needs of the fund and the cost of future works. If there were insufficient monies in the sinking fund to complete required works, MHA would be able to charge the deficit of the fund, at the year end via the service charge accounts.

Constraints on selling

Purchasers must satisfy the scheme's criteria (Minimum age is 55 and support needs). The Staff will assess this prior to purchase. There is no option for MHA to buy back the properties at Penarth House.

Date

The information in this document is correct as of **1st April 2026**.

The information in this document does not in any way form part of a contract or warranty. The Lease sets out the conditions to be observed by owners and the charges applicable to the specific property.
